

Lancashire Mental Health Partnership

Draft Code of Conduct

To help ensure that all participants feel safe and valued, everyone will agree to being friendly, polite and courteous – showing respect to the diversity of views, and never talking over another person. Any issues raised should feel constructive and outcome focused.

Try to be on time. Wherever possible, please contact us if you are unable to attend a meeting or will be late or leave early.

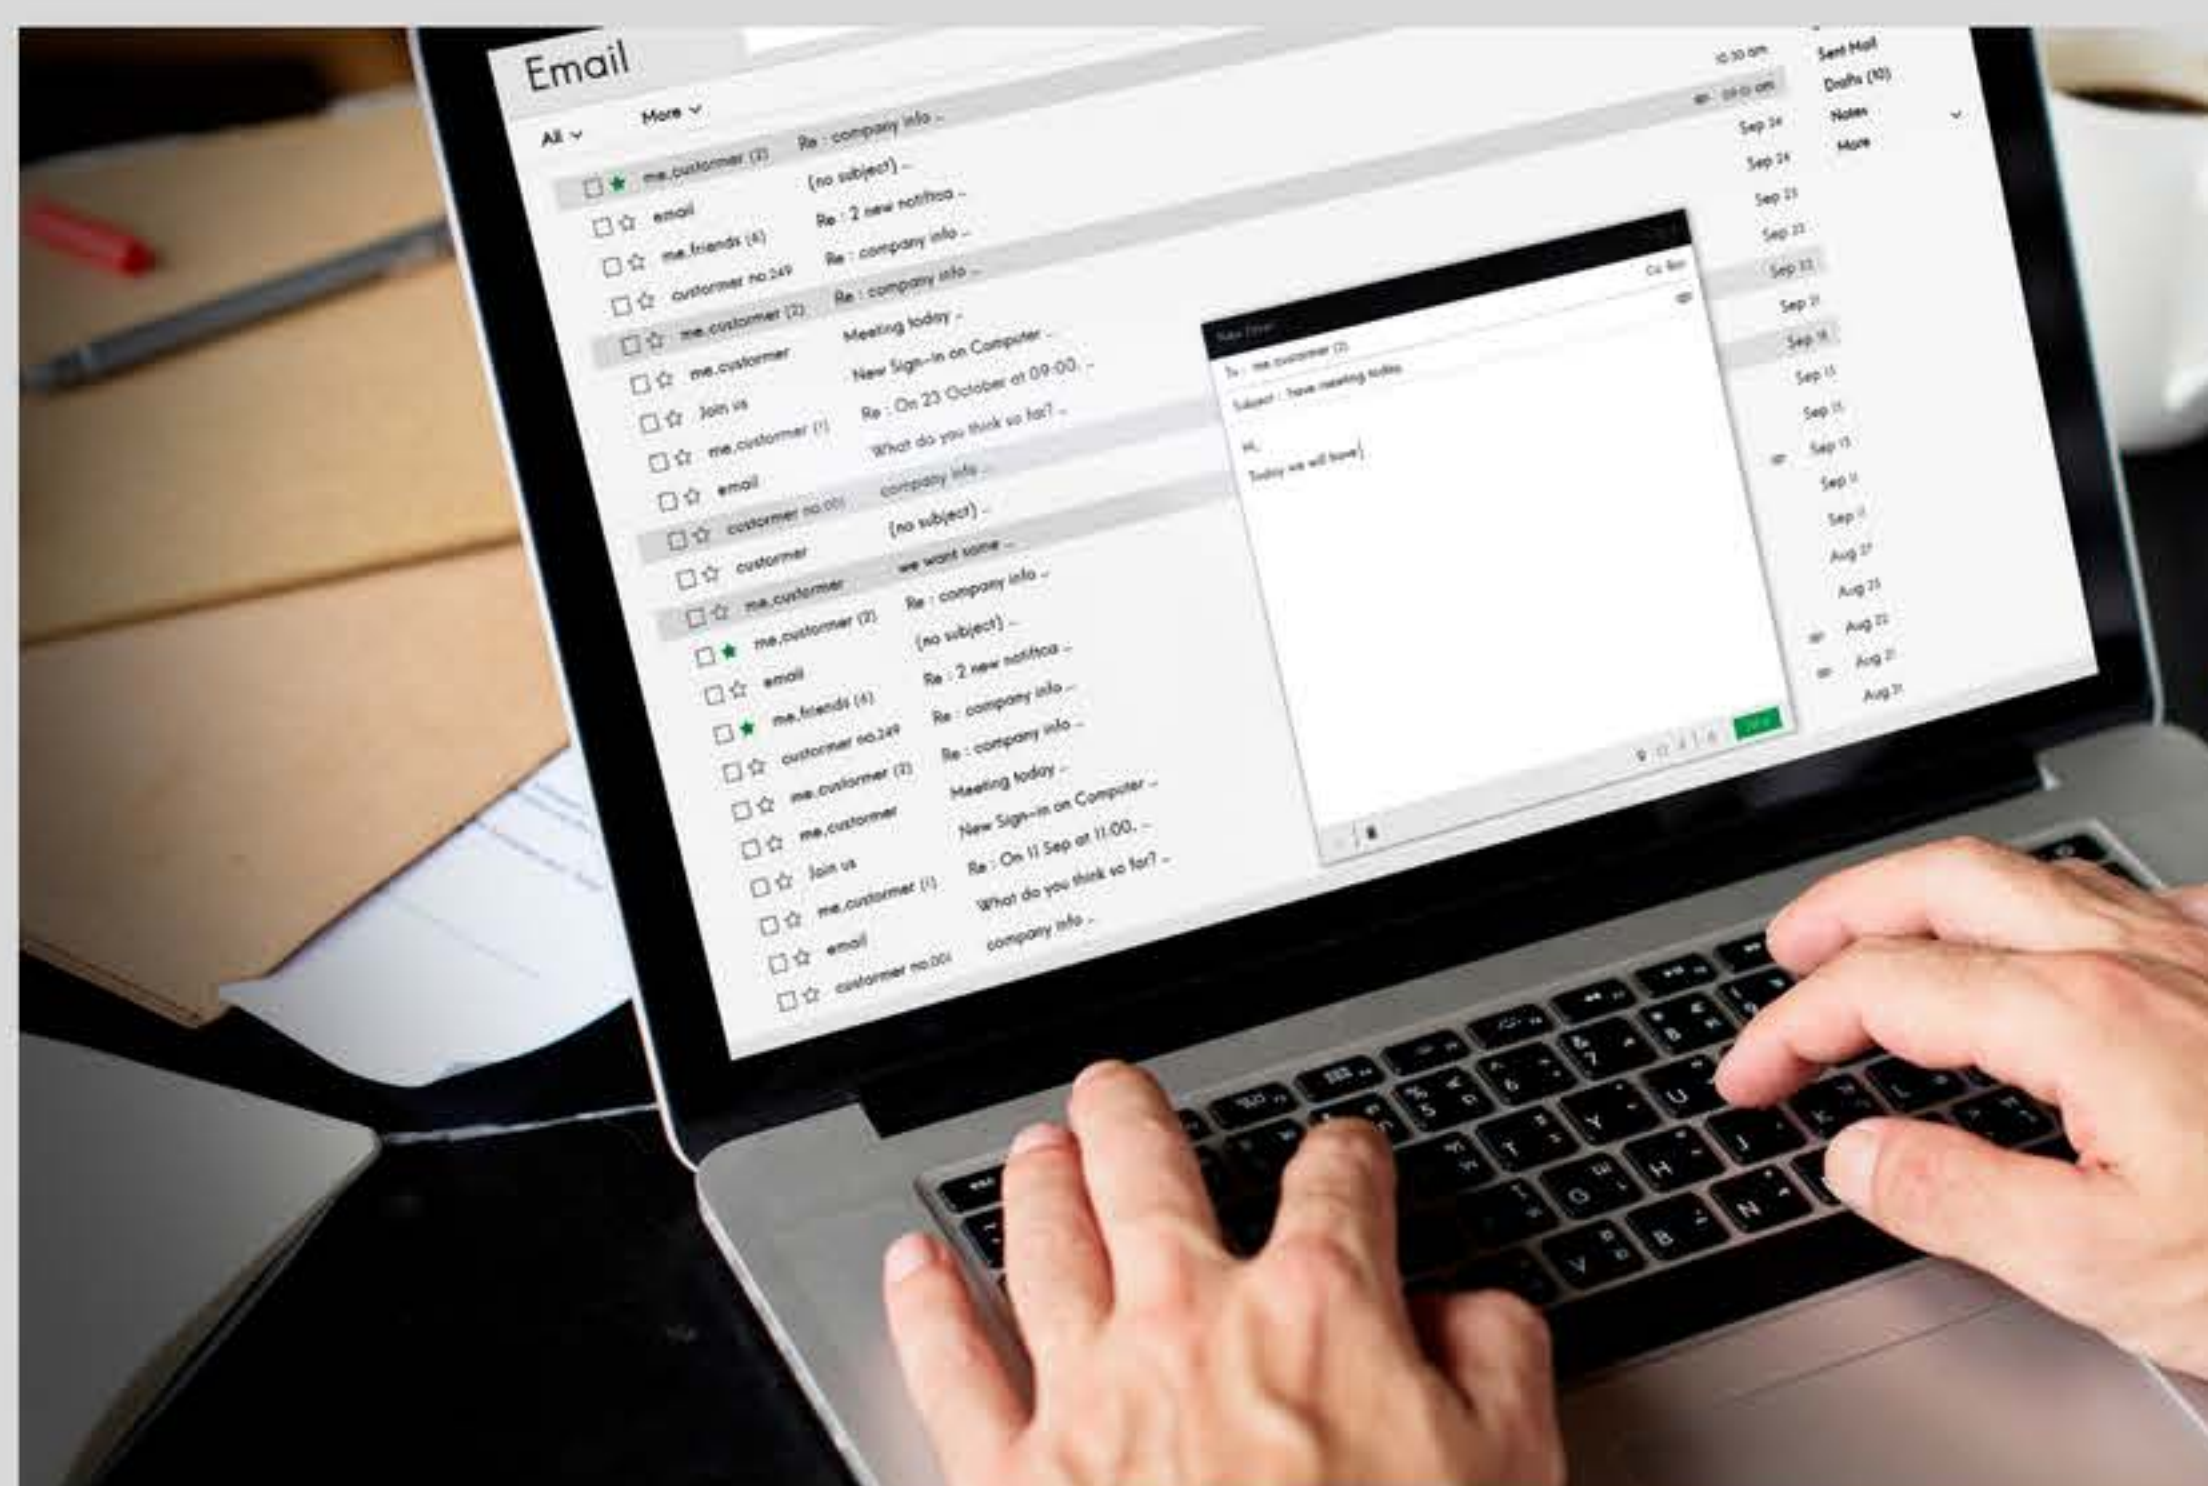

Please respect everybody's views, and put your hand up if you want to say something. Let somebody know if you might be late or have to leave early.

Meetings will happen every 2 months, and information to help plan will be sent 2 weeks before that.

LMHP will meet every 2 months. The format will reflect the responsibility of members to ensure it is transparent and agendas will be sent out 2 weeks before each meeting. It would be helpful to read the agenda beforehand so you come prepared - please advise if you require a specific accessible format ahead of the meeting.

A list of people who attend will be kept, but not shared with anybody who isn't involved.

LMHP will keep a record of names and contact details of everyone attending meetings. These will not be published in public documents without prior agreement. All members will respect this confidentiality and must not use any personal information outside the Board meetings without permission. LMHP members should also advise if they are involved with anything which might affect the decisions that they make.
