## DIGITAL MUSIC PRODUCTION AND RESEARCH PROJECT

intergenerate

## ARE YOU...

- Aged 16-25 years old?
- OR aged 65+ years old?
- Interested in trying out digital music production in a group?
- Happy to share your views on being a young/older person?
- Happy to receive vouchers each week for taking part?

### Why?

We know young and older people can face judgment and discrimination about their age. This is called ageism and we want to find out more about it.

We also want to see if taking part in a digital music production project of mixed ages who may share the experience of ageism, helps boost wellbeing.

### What?

6 x weekly sessions starting Sept 2023 at the Gregson Centre in Lancaster.

Taking part in an interview beforehand and a focus group afterwards about your views.

### Who?

A community musician at the Gregson Centre, Researchers from Lancaster University, & Queen Square Medical Practice run this project.
