

MECC – Make Every Contact Count 1-Day Chat to Change TTT (Train the Trainer) Course – Face to Face

What is MECC?

Making Every Contact Count (MECC) is the opportunistic delivery of consistent and concise healthy lifestyle information via brief or very brief behaviour change interventions, enabling individuals to engage in conversations about their health at scale across organisations and populations.

Colleagues who work across health and care within the NHS, local authority and voluntary sectors have thousands of contacts every day with individuals and are ideally placed to support health and wellbeing.

MECC provides an opportunity to discuss health and wellbeing lifestyle pathways which can support and enable behaviour change for key risk factors including smoking, alcohol, healthy eating, weight, physical activity, hypertension and mental health.

Using your day to day contact with individuals as an opportunity to encourage and deliver key health messages to improve their physical and emotional wellbeing, small changes can be made. People cannot be forced to change, but by using opportunities for raising the issue of a healthy lifestyle in a non- judgemental way, people's awareness, confidence and motivation to make changes in their lives may occur from a brief conversation.

Who is MECC TTT training aimed at?

Making Every Contact Count (MECC) is an approach to improving the health of the population that everyone can use, it is not restricted to one person, specific profession or organisation. It is aimed at giving staff from a wide range of organisations the skills they need to encourage individuals to make choices that will prevent illness and improve their lifestyles and wellbeing.

For Lancashire & S Cumbria organisations, MECC can provide staff with the leadership, environment, training and information they need to deliver the MECC approach.

For staff, MECC means having the competence and confidence to deliver health and wellbeing messages, to help to encourage people to change their behaviour, directing them to local services that can support them.

For individuals, MECC means seeking support and taking action to improve their own health and wellbeing.

Course Requirements:

The MECC 1 Day is a Chat to Change 'Train the Trainer course'.

- Complete a pre-course and post-course self-evaluation. This is a link sent out to all participants and takes no longer than 4 minutes to complete for each evaluation. (This link is sent out as part of your course info's and after your course has been completed)
- Attend any Train the Trainer modules that are advertised by ourselves as/when possible.
- Once your 1 day TTT training is complete we ask you to deliver x 6 MECC sessions or more per year, in order to embed the MECC approach within your own organisation/community or third-sector.
This could be either a 7 minute brief intervention, a 1 hour or a 3 hour MECC session. These sessions can be delivered in a variety of ways such as at team meetings, 1:1 discussions with colleagues, group chat etc.
- Attend a half day follow-up workshop as/when possible
- Contribute to monitoring and evaluation of the programme on request including submitting numbers and dates of any MECC training you have delivered to the workforce/ community. This would be requested every 3-6 months and takes no longer than a few minutes to complete.
