

NORTHSTONE

You can use our *£2,000 Community Fund* to help local causes, big or small!

Northstone is lending a helping hand. We've put together a community fund dedicated to Lancaster and surrounding areas to our Breacla neighbourhood.

We're inviting you to nominate worthy local causes that could greatly benefit from a financial contribution and would enhance the well-being of your community.

This could include revitalising a youth centre with a much-needed garden makeover, rejuvenating a neglected children's play area, or restoring unkempt and rundown sports facilities. Additionally, nominations may extend to local youth groups such as the Girl Guides, Scouts or church groups who are trying to raise money to enhance their facilities in the community. Whatever the cause, we want to hear from you!
