

Are you pension age?

Every year, millions of pounds in benefits go unclaimed by pensioners.

There are many benefits available, each with different rules, making it easy to get confused.

You may not be sure if you qualify. Even if you already get benefits, there may be others you could claim. Or, the amount you are getting now could be wrong.

Our Welfare Rights Service could support you with an independent and confidential benefit checking service. Come and speak to us today or contact our pensioner advice line on **01772 533 321**
